TO THE PEOPLE OF COFFEE COUNTY

During the past weeks I have made every effort see you, and to discuss with you my candidacy for re-election as Circuit Clerk. However, since several sessions of the Circuit Court had previously been set which required my attendance, and because of the time devoted to the other duties of the office it has not been possible for me to see each of you.

I take this means to tell you that I will deeply appreciate your vote for this office.

I have always worked conscientiously, honestly and faithfully to serve you, and in considering my candidacy I invite your attention to my record during the time I have served as your Circuit Clerk. This record may be examined in the form of reports of the Department of Examiners of Public Accounts of the State of Alabama, which are on file in the office of the Circuit Judge and in the office of the Circuit Clerk. If you re-elect me I shall continue to use the knowledge gained by my experience in this office to serve you efficiently.

It has always been my pleasure to work with you as Circuit Clerk and I will always be deeply appreciative of my association with the people of our fine County and the honor that you have bestowed upon me in letting me serve as your Circuit Clerk in the past. I sincerely hope that I may have the privilege to continue to serve you.

I humbly solicit your vote and influence.
